

LOCAL AND GENERAL NEWS.

And now they call it Hog-cholera. The Claudine arrived yesterday afternoon.

Fred. Oat of the Post Office is in town again.

The Hawaiian Republican Club will meet to-morrow.

No new cases of cholera have been reported to-day.

The Hobron Drug store now boils its iced soda. Who boils the ice?

The second shoot of the Hawaiian Rifle Association takes place to-day.

The Warrimoo was due to-day but is not telephoned as we go to press.

There are prospects that the scull race for the regatta day will be filled.

Attorney-General W. O. Smith will not leave for New Zealand at present.

W. H. C. Greig, a brother to Willie, is expected to arrive here by the Australia.

The Chio Sailor Hat is the very latest and can be found at Sachs', Fort street.

The game between the Kams and Unknowns this afternoon is drawing a big audience.

No officials or other persons from Honolulu were allowed to board the Monowai yesterday.

The schools will probably not be opened at the previously authorized time owing to the cholera.

Geo. H. Paris of the Advertiser who has "done" the volcano on a bicycle returned yesterday.

Lieutenant Elliot and chief-engineer Barton gave a dinner on board the Bennington last night.

According to the Advertiser the policemen are "tired." Whoever accused them not of being in that state?

Frank Vida has returned from Mana where he has spent a beautiful time and fully recovered his health.

E. R. Hendry has returned to town yesterday from Kauai. He came in "a steamer and not on a Monarch.

Sheriff Hitchcock of Hawaii is in town again. He has been asked to come down and explain why he arrested and exiled Cranston.

A Chinaman was arrested yesterday for dumping garbage on the property of another. How about the Board of Health and South street?

Mr. George Fairchild will arrive from Kauai to-morrow and join the ranks of the Benedicts on Wednesday, the 28th, when he will marry Miss Elizabeth Cummins.

The special agents of the Government were busy disinfecting the town to-day and picking up the "comma bacilli" or any other loose trifle. Nobody was looking at the time.

Can't the public learn a little more about the prisoner who was brought to town yesterday, shot in his neck and deprived the use of his leg through the bullets fired into him by a guard in Hilo?

In season or out of season every family should have a bottle of DIARRHOEA MIXTURE in the house. There is none better than DWIGHT'S, which has been dispensed by the HOLLISTER PHARMACY for the last twenty years.

Sixteen passengers who intended to take passage in the Monowai have booked to leave in the S. C. Allen which vessel may leave to-morrow. If the vessel takes the passengers they will—of course—be quarantined if allowed to land at all.

Consul-General Mills went out to the Monowai in the Bennington launch and shouted the text of a telegraphic dispatch to the purser to be sent to his government. How it will read when it arrives there, is at present an interesting riddle.

Ex-Detective Allen, whose character has recently received the tender care of the official organs, and is no doubt still gauged, has been sent for, by the Government, to give "truthful" evidence against certain claimants. His evidence will go a long way as, no doubt, it has taken a long way to come.

An exclusive franchise does not fall to the lot of everybody. But L. B. Kerr assures his patrons that he has obtained one that will be of the utmost benefit to purchasers in all departments. The Suitings and Trousers he is offering to the gentlemen this week are proof positive that, they can buy a single yard at wholesale prices.

The Hilo people have forwarded a petition to the Government asking that W. A. Hardy be appointed port-surveyor in the place of Chas. Notley. Hardy has been deputy sheriff for some times and is very popular in Hilo and elsewhere. There are several applications for the port-surveyor position.

"MUCH, WANTS, MORE." appears to be the general idea in this "Paradise of the Pacific." Ladies have not been in the habit of getting "MUCH" in the shape of Dry Goods for their money, but if they will patronize L. B. Kerr they will procure "MORE" bargains at one visit than they ever dreamed of. Put down five dollars and pick up ten dollars' worth of New and Fashionable Goods. *

HEALTH NOTICE.

OFFICE OF THE BOARD OF HEALTH,
HONOLULU, Aug. 21, 1895.

The Board of Health has directed its agents to make a special inspection of houses and premises in the city of Honolulu, with a view of placing the same in a good sanitary condition, and the public are therefore requested:

1. To render all assistance to the agents of the Board.
2. To obey the instructions of the health agents.
3. To put drains, cesspools, privy-vaults and other receptacles of refuse in good sanitary condition.
4. To have all garbage and other decaying refuse promptly removed, and all sources of noxious smell disinfected. Chloride of lime is a cheap as well as good disinfectant. Carbolic acid is also an effective purifier—three table spoonsful to a gallon of hot water, well stirred.
